

Ashland School District
inspiring learning for life

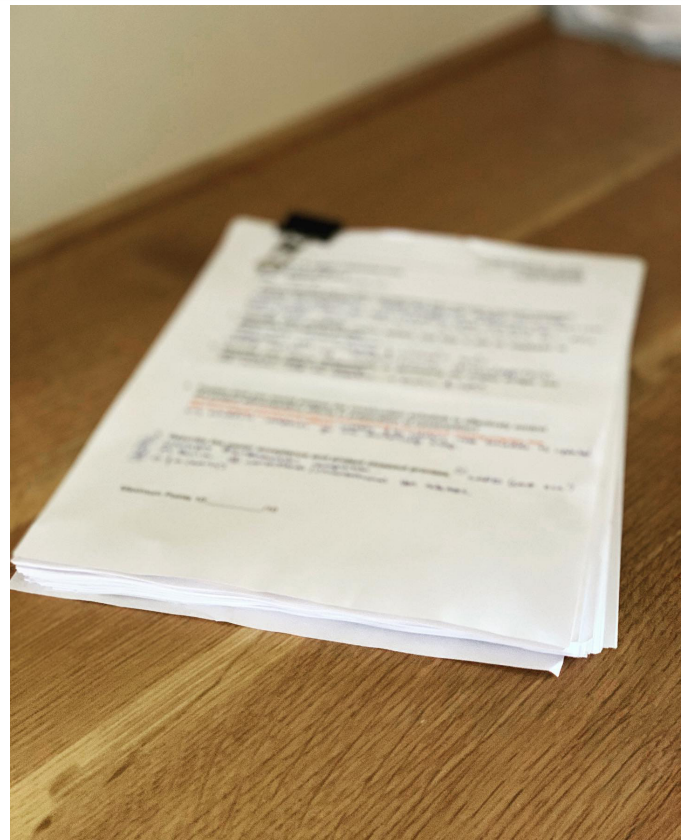

JULY 2019

BOND NEWSLETTER

GENERAL PROGRAM UPDATE

HMK and the District continue to make great progress with investigative work at both Helman and Ashland Middle School. Hazardous Material Testing, Geotechnical Testing and the Surveyor have begun their explorations and working to complete final reports.

Further, HMK and Brightworks, sustainability consultant, have reviewed and collaborated on the building standards with the district to ensure sustainability is considered and included.

ASHLAND MIDDLE

Construction Manager | General Contractor (CM|GC) proposals were received on 7/9/19. Two firms proposed, Adroit Construction Co. and S+B James Construction. The scoring committee reviewed proposals until 7/26/19, with both firms extended an interview. Both firms will be interviewed on 8/14/19. Additionally, G2 Consultants began hazardous material testing and GRI conducted onsite borings to take soil samples.

HELMAN ELEMENTARY

CM|GC proposals were received on 7/9/19. Three firms proposed, Adroit Construction Co., Outlier Construction, and S+B James Construction. The scoring committee reviewed proposals and extended interviews to Adroit and S+B James. Interviews have been scheduled for on 8/8/19. Additionally, G2 Consultants began hazardous material testing and GRI conducted onsite borings to take soil samples.

HIGHLIGHTS

Receiving and scoring proposals for CM|GC services.

ACTIVITIES SCHEDULED FOR NEXT PERIOD

The district will interview and select a CM|GC partner and begin the pre-design phase.
